To Whom It May Concern:

We have had the privilege and opportunity to work on numerous projects with Pyramid Electrical over the years. The projects vary from Design Build and Plan & Spec.

We found the Field staff both knowledgeable and professional, with a willingness to work with the various Subs toward the end result of a successful project. Their attitude of pursuing coordination to everyone's benefit helped to ensure that all involved put their best effort into making the schedule work.

Pyramid's Project Management team also is a pleasure to work with. They are prompt with all of the paper work require for the job. Projects we have worked on from budgeting to completion have always produced positive results. Pyramid is pro active in identifying and solving issues, and making sure we all have the same goals in mind.

Sincerely,
THE KORTE COMPANY
